Dear Residents,

Re: Dredging of the Old Fort Bay Channel

The dredging of the Old Fort Bay Channel has been delayed due to mechanical issues with the Dredge. These issues are now resolved.

As the weather will be poor over the next two days, the next possible timeframe for dredging is over the weekend. As the depths of the channel are getting very shallow, we are permitting dredging to take place on Saturday and Sunday of this weekend.

The channel will be closed between 8am and 12pm daily. If there is an emergency situation and you desperately need to move your boat out of the channel between those hours then we can accommodate you, but we do ask your cooperation in adhering to these hours, so that we can complete the task in a shorter period of time.

Please do not hesitate to contact me if you have any questions with regards, and we apologize for any inconvenience this may cause.

Thank you,

Sonya Alvino
Old Fort Bay Property Owner Association
